

User Undertaking

Safe and healthy work for temporary jobs

Temporary agency workers are afforded, as regards safety and health at work, the same level of protection as that of other workers in the user undertaking

**Integrate a
Temporary
Agency
Worker**

In the European labor market, 25.8 million people are temporary workers. Improve the working conditions of temporary workers it is a major challenge for workers and users undertaking:

efficiency, quality, attractiveness, social climate, health at work. This challenge needs that each partner is aware of his responsibilities and does his part in this triangular relationship the agency workers, temporary work agency and user undertaking.

Stakes of a good integration

For the temporary agency worker

Better involvement and better increase of skills
Better sense of belonging so less high-risk behavior

For the user undertaking

Decrease of accident costs
Quicker self-sufficiency for the temporary worker and better quality of work
Enhancement of brand image
Better transmission of prevention's culture

Basic working and employment conditions of Temporary agency workers shall be, for the duration of their assignment, at least those that would apply if they had been recruited directly by undertaking to occupy the same job

The health and safety at work firstly go through the respect of fundamental principles: nondiscrimination between temporary and permanent workers. It can not only prevent psychosocial risks but also physical risks as they're linked.

**Cooperate with
Temporary Work
Agencies**

The user undertaking and TWA organize and manage the work of the temporary agency workers. Both parties shall consider their safety and health and cooperate.

The user undertaking is responsible for the safety and health of temporary agency workers at each workplace.

- Exchange of information about safety, health, specific risks, job features before the temporary agency worker's assignment and as often as necessary
- Exchange of information on modifications of job or workplace conditions
